

### Illinois Green Product Environmental Disclosure

#### Voluntary Renewable Energy Credit Purchasing

**Dynegy** purchases renewable energy credits (RECs) to offset 100% of its Green product customers' electricity usage. Dynegy does not expect to pair any RECs from generators sited in the State of Illinois and has not committed to any particular locations of generators or types of RECs at this time. As a result, below please find information regarding Dynegy's Green product procured for the previous period of January 1, 2021 - December 31, 2021.

REC Type	REC Generation Location	Percentage
Wind	Illinois, Missouri	99%
Hydro	North Carolina	1%
Total REC Percentage Purchased by Dynegy		100%
