

2019 PROSPECTIVE PRODUCT CONTENT LABEL¹

Premium Green is a Renewable Energy Certificate (REC) product and does not contain electricity. A REC represents the environmental benefits of 1 megawatt hour (MWh) of renewable energy that can be paired with electricity. For more information, see: www.green-e.org/rec.

You will be receiving RECs to cover 100% of your electricity usage. Green-e will certify all RECs not mandated under Illinois State Renewable Portfolio Standard (RPS). Between the period of January 1, 2020 through May 31, 2020, 16.0% of the RECs you received were mandated under the Illinois RPS. Between the period of June 1, 2019 through December 31, 2019, 17.5% of the RECs you received were mandated under the Illinois RPS.

Green-e Energy Certified New ² Renewables in Premium Green		Generation Location
-Biomass	%	
-Geothermal	%	
-Hydroelectric ³	%	
-Solar	%	
-Wind	100%	Location will be in Illinois, within the states that adjoin Illinois or within portions of the PJM and MISO footprint in the United States
TOTAL	100%	

1. These figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historical Product Content Label the actual resource mix of the RECs you purchased.

2. New Renewables come from generation facilities that first began commercial operation within the past 15 years.

For comparison, the current average mix of resources supplying PJM System 12 months ending December 31, 2019 includes: Coal (24%), Nuclear (34%), Oil (0%), Natural Gas (37%), Hydroelectric (1%), Wind (3%) and Other (1%). This resource mix was prepared in accordance with IL state law.

The average residential usage in Illinois uses 744 kWh per month. Source: U.S. EIA, 2018, https://www.eia.gov/electricity/sales_revenue_price/pdf/table5_a.pdf

For specific information about this product, please contact Dynegy Energy Services, 844.351.7691, DESCustCare@dynegy.com, www.dynegy.com.

Premium Green is Green-e Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.

2019 HISTORICAL PRODUCT CONTENT LABEL¹

Premium Green is a Renewable Energy Certificate (REC) product and does not contain electricity. A REC represents the environmental benefits of 1 megawatt hour (MWh) of renewable energy that can be paired with electricity. For more information, see: www.green-e.org/rec.

You will be receiving RECs to cover 100% of your electricity usage. Green-e will certify all RECs not mandated under Illinois State Renewable Portfolio Standard (RPS). Between the period of January 1, 2019 through May 31, 2019 14.5% of the RECs you received were mandated under the Illinois RPS, the remaining 85.5% are Green-e Energy certified and between the period of June 1, 2019 through December 31, 2019 16.0% of the RECs you received were mandated under the Illinois RPS, the remaining 84.0% are Green-e Energy certified.

Green-e Energy Certified New ² Renewables in Premium Green		Generation Location
-Biomass	%	
-Geothermal	%	
-Hydroelectric ³	%	
-Solar	%	
-Wind	100%	Iowa, North Dakota, Minnesota
TOTAL	100%	

1. These figures reflect the resource mix of the RECs delivered to Premium Green's customers in 2017.
