Community Choice Aggregation Program

June 14, 2017

Dear Basic Service Customer,

The Town of Arlington approved a Community Choice Aggregation program authorizing our community to aggregate the electricity load of those residents and businesses that are on Basic Service with NSTAR Electric Company (Eversource). The goals of the program are to provide you with competitive choice, longer-term price stability and more renewable energy.

After a competitive bid process, Dynegy was selected as our Electricity Supplier with a contract term beginning with your scheduled August, 2017 meter reading and ending with your December, 2019 meter reading.
