Community Choice Aggregation Program

June 7, 2019

Dear Basic Service Customer,

The Town of Bedford approved a Community Choice Aggregation program authorizing our community to aggregate the electricity load (usage) of those residents and businesses that are on Basic Service with NStar Electric Company (Eversource). The goals of the Program are to provide you with competitive choice, longer-term price stability and more renewable energy options.

You will be automatically enrolled in the Bedford Community Choice Aggregation program unless you choose not to participate. **YOU MUST MAIL AND POSTMARK YOUR OPT-OUT CARD ON OR BEFORE JULY 13, 2019 TO AVOID AUTOMATIC ENROLLMENT IN THE AGGREGATION PROGRAM.**

After a competitive bid process, Dynegy was selected as our Electricity Supplier with a contract term from your scheduled August 2019 meter reading to your December 2021 meter reading.

Rate Class	"Bedford Local Green" Five (5) Percent More Local Renewable Energy Than Required (Standard Product - No Action Required)	"Bedford Premium 50% Local Green" (50) Percent Local Renewable Energy	"Bedford Premium 100% Local Green" (100) Percent Local Renewable Energy	"Bedford Basic" No Additional Local Renewable Energy	Current Eversource Basic Service
Residential	AUGUST 2019 – DECEMBER 2019				\$0.10836/kWh
	\$0.10512/kWh	\$0.11682/kWh	\$0.12982/kWh	\$0.10382/kWh	
Small C&I and Street Lighting	DECEMBER 2019 – DECEMBER 2021				\$0.10569/kWh
	\$0.11100/kWh	\$0.12270/kWh	\$0.13570/kWh	\$0.10970/kWh	
Large C&I NEMA*	AUGUST 2019 – DECEMBER 2019				\$0.09824/kWh NEMA*
	\$0.10512/kWh	\$0.11682/kWh	\$0.12982/kWh	\$0.10382/kWh	
Duration	DECEMBER 2019 – DECEMBER 2021				\$0.09824/kWh NEMA*
	\$0.11100/kWh	\$0.12270/kWh	\$0.13570/kWh	\$0.10970/kWh	
	August 2019 – December 2021 As indicated above, under the contract with the Electricity Supplier, there are different prices fixed for the first four (4) months (August 2019 – December 2019) and the last 24 months (December 2019 – December 2021) of the contract. Rates apply to service beginning and ending on the days of the month that your meter is read in your service area.				July 1, 2019 – December 31, 2019 Residential and Small Commercial rates change every six months. *Large Commercial rates change every three months.

Rates indicated above are for Supply Services only. Under the contract, the rate per kWh for electric supply will be fixed from your August 2019 meter reading until your December, 2019 meter reading. This rate will then change from your December 2019 meter reading until your December 2021 meter reading. The Standard Product rate for Residential, Small C&I and Street Lighting customers will remain below Eversource's Basic Service rate until your December 2019 meter reading. The Standard Product rate for Large C&I customers is not below the Eversource Basic Service rate. Program prices could increase as a result of a change in law that results in direct, material increase in costs during the term of the electric supply agreement.

There is no guarantee of future savings. The primary intent of the Program is to provide price stability and savings over the duration of the 28-month term. However, Eversource rates for electric supply change every six months for Residential, Small C&I and Street Lighting customers and every three months for Large C&I Customers. Thus, Eversource's Basic Service rates may be below the Program rates during any three or six month period.

ADMINISTRATIVE ADDERS for all Bedford programs are included in the above rates. These fees are: \$0.001/kWh for the aggregation consultant and \$0.000025/kWh for the Metropolitan Area Planning Council (MAPC), the regional planning agency assisting the program.
