## Community Electricity Aggregation Program

June 7, 2019

Dear Basic Service Customer,

The Town of Wareham approved a Community Electricity Aggregation program authorizing our community to aggregate the electricity load (usage) of those residents and businesses that are on Basic Service with NStar Electric Company (Eversource). The goals of the Program are to provide you with competitive choice, longer-term price stability and more renewable energy options.

You will be automatically enrolled in the Wareham Community Electricity Aggregation program unless you choose not to participate. **YOU MUST MAIL AND POSTMARK YOUR OPT-OUT CARD ON OR BEFORE JULY 13, 2019 TO AVOID AUTOMATIC ENROLLMENT IN THE AGGREGATION PROGRAM.**

After a competitive bid process, Dynegy was selected as our Electricity Supplier with a contract term from your scheduled August 2019 meter reading to your January 2021 reading.

Rate Class	"Wareham Basic" Minimum Required Renewable Energy (Standard Product – No Action Required)	"Wareham Premium 100% Local Green" One Hundred (100) Percent Local Renewable Energy	Current Eversource Basic Service
Residential (R-1, R-2, R-3, R-4)	\$0.10770/kWh	\$0.13280/kWh	\$0.10836/kWh
Small C&I (G-1, G-4, G-5, G-6, G-7, Street Lighting)	\$0.10770/kWh	\$0.13280/kWh	\$0.10569/kWh
Large C&I SEMA* (G6, G8, 24, 84)	\$0.10770/kWh	\$0.13280/kWh	\$0.09656/kWh SEMA*
Duration	August 2019 – January 2021 Rates apply to service beginning and ending on the days of the month that your meter is read in your service area.		June 1 - December 31, or August 31, 2019* Residential and Small C&I & Street Lighting rates change every six months. *Large C&I rates change every three months.

Rates indicated above are for Supply Services only. Under the contract, the rate per kWh for electric supply will be fixed until your January 2021 meter reading. The Standard Product rate for Residential Customers will remain below Eversource's Basic Service rate until Eversource's Basic Service rates change at the end of December 2019. The Standard Product rate for Small C&I, Street Lighting and Large C&I customers is not below the Eversource Basic Service rate. Program prices could increase as a result of a change in law that results in a direct, material increase in costs during the term of the electric supply agreement.

There is no guarantee of future savings. The primary intent of the Program is to provide price stability and savings over the duration of the 17-month term. However, Eversource rates for electric supply change every six months (January 1 and July 1) for Residential and Small C&I & Street Lighting customers, and every three months for Large C&I customers. Thus, Eversource's Basic Service rates may be below the Program rate during any three or six month period.

**AN ADMINISTRATIVE ADDER** of \$0.001/kWh for the aggregation consultant is included in the Program rates shown above.
