

City of Cincinnati Electric Aggregation Program

March 28-April 18, 2022

Dear Cincinnati Residents and Businesses,

The City of Cincinnati is offering you an opportunity to participate in an Electric Aggregation Program. In 2011, Cincinnati voters authorized the City to form a governmental aggregation program and negotiate favorable electric supply prices for eligible residences and businesses. Through a competitive process, the City selected Dynergy as the program supplier through your May 2023 meter read. Since May 2017, the Aggregation Program saved program participants an average of \$53 annually, for a cumulative savings of \$12.6 million. Both the City of Cincinnati and Dynergy are certified by the Ohio Public Utilities Commission to provide this service.

As an eligible resident or small business, you will be automatically enrolled in the program unless you choose to opt-out (not participate) by April 7, 2022.

Program details:

- o Fixed Electricity Price of 5.03¢/kWh through your May 2023 meter reading
- o 100% green energy through the purchase of renewable energy credits
- o You still receive just one energy bill from Duke Energy.
- o No cancelation fee at any time!
- o Duke Energy continues to deliver your electricity and maintain the electric lines and respond to emergencies.

Program Enrollment

After your enrollment is finalized, Duke Energy will send you a letter confirming your enrollment and informing you of your ability to cancel your enrollment with no penalty.
