Welcome to the
West Chester Township
Electric Aggregation Program

Hi <Contact_First_NM>,

May 28, 2021

Dynegy has been selected as the electricity supplier for West Chester's Electric Aggregation Program. In November, 2005, West Chester voters authorized the Township Trustees to form a governmental aggregation program to negotiate a favorable price and terms for electricity supply for Township residences and businesses. West Chester Trustees have again selected Dynegy, a competitive retail electric service provider, as the supplier for the program.

Here's What You Can Expect

- The program is simple! You're automatically enrolled and there's no enrollment, switching or early termination fee.
- You'll receive a guaranteed, fixed rate of 5.17¢ per kWh through your December 2021 meter reading.
- Nothing will change! Continue to receive one monthly bill from your local utility, Duke Energy. Dynegy will now show as a line item for the supply portion on your bill.
- Duke Energy will send you a confirmation letter after your enrollment is finalized.

Don't want to participate?

Just complete and return the reply card below or call Dynegy at 888-682-2170 by June 18, 2021. If you choose to opt out of the program at this time, or if you choose to leave the program at a later date, you will be served by Duke Energy under its standard service offer or until you choose an alternative supplier of electric service. If you switch back to your utility, you may not be served under the same rates, terms, and conditions that apply to other customers served by your utility.

To learn more about the program, please see the enclosed terms and conditions or visit <https://www.dynegy.com/municipal-aggregation/communities-we-serve/Ohio/west-chester-township-butler>.

With much appreciation,
West Chester Township & Dynegy
