Previously, voters passed a referendum authorizing **City of Chrisman** to seek competitive electricity rates for eligible residential and small commercial retail customers by establishing an "opt-out" electric aggregation program. Homefield Energy was chosen as the retail electric supplier for the initial term which ends in August 2015. After a thorough bid process, Homefield Energy was again selected as the supplier for contract term August 2015 to December 2017. Homefield Energy is an independent seller of power and energy service and is certified as an Alternative Retail Electricity Supplier by the Illinois Commerce Commission (ICC Docket No. 11-0673).

PROGRAM DETAILS

As an eligible participant, your account will be automatically enrolled in the program unless you choose to opt-out by **June 5, 2015**.

- There is no enrollment or switching fee.
- Your new price of **\$0.05824 per kWh** which goes into effect **August 2015** is guaranteed until **December 2017**.

You will continue to receive one monthly bill from Ameren Illinois. You will still be eligible for the same programs you are eligible for now through the utility, such as Budget Billing, payment agreements and energy efficiency programs. The only change will be in the Electric Supply price on your Ameren Illinois bill <http://www.ameren.com/illinois/electric-choice/supply-costs>.

ENROLLMENT PROCESS

If you are new to the program, once your account is enrolled, you will receive a confirmation letter from Ameren Illinois confirming your "switch" to Homefield Energy. Electric Aggregation Program Frequently Asked Questions

Overview of Municipal Aggregation

What is Municipal Aggregation?

Illinois law allows municipalities and counties to negotiate the purchase price of electricity on behalf of residential and small business utility customers living within their borders. While these governmental entities choosing community aggregation would be responsible for negotiating the price of power from a supplier other than the traditional utility, your utility would still be responsible for delivering that power to your home, and billing you for it.

How can I get more information about the municipality or county's aggregation program?

Contact your municipality or county for information related to the referendum and the aggregation program. Additional resources can be found at:

<http://www.homefieldenergy.com/residential/municipal-aggregation/communities-we-serve.php>.

Eligibility and Enrollment

Who is eligible to participate?

Residential or small business customers located in the participating governmental entity boundaries may participate. Customers enrolled in real time pricing, Power Smart Pricing, or served by an alternative retail supplier may not be eligible and are not automatically included in the program.

How do I enroll?

It's simple. It's automatic. Unless you "opt-out" of the program, all eligible Ameren Illinois customer accounts within the boundaries will be enrolled in the program. You will receive a "switch" letter from your utility, Ameren Illinois, confirming your enrollment. If you are a current participant, there is no need to reenroll.

Do I have to participate in the municipal or county aggregation plan?

All eligible Ameren Illinois utility customers within the municipal or county boundaries will receive an opt-out notification letter via U.S. mail. You may "opt-out" by returning the Opt-Out card by the deadline date identified in your notification. If you choose to opt-out, your account remains with Ameren Illinois at the current utility rate.

What if I decide to opt-out after the opt-out deadlines have passed?

You may opt out at any time by calling our toll free number or sending by sending an email.
